

ARTPLAY AT HOME

Little wing puppets

BY JENNY ELLIS

Make a bird puppet to star in your show

Instructions

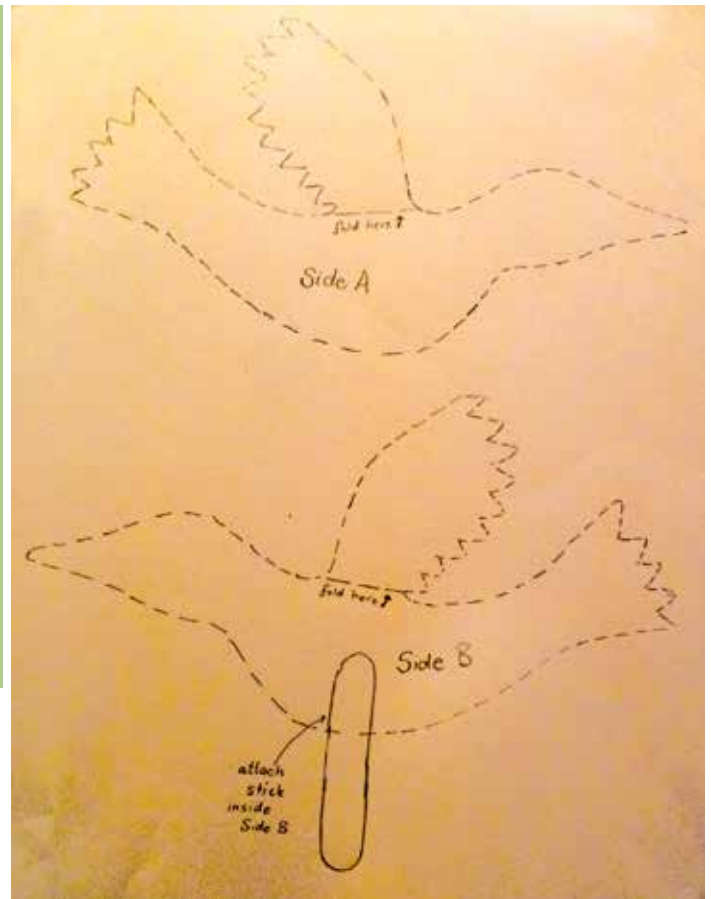

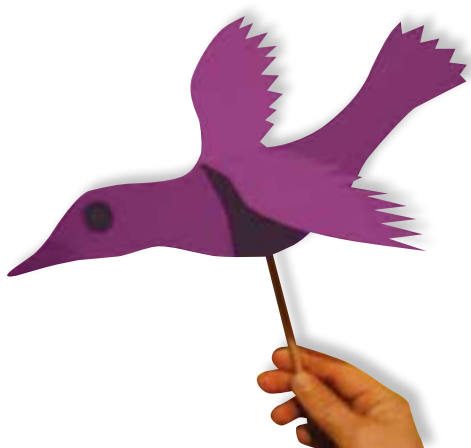

- Draw the bird patterns onto a piece of paper, making sure that they are a mirror image of each other.
- Cut out each pattern.
- Stick a paddle pop stick or wooden chopstick onto one side with sticky tape.
- Fold down the wings.
- Stick the two sides together, with the wings folded outwards.
- Decorate with buttons, paint, crayons, markers, bits of coloured paper, or whatever you can find!

What is your bird's name?

Where is the bird going? And Why?

What is the bird's story?

Move your puppet up and down to watch it flap its wings!

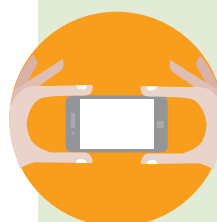

You will need

- Coloured paper
- Glue
- Scissors
- Sticky tape
- A paddle pop stick or a wooden chopstick
- Buttons, crayons, markers or paint for decoration

Showtime

Practice some moves to illustrate your story - then call over a family member or friend to watch your show!

Ask someone to take a photo of your favourite scene.

Share photos of your work on the ArtPlay Facebook page or on Instagram - tag us @artplaykids and hashtag #artplayathome
